

 Sinolytics is a Berlin-based specialized consultancy entirely focused on China. It provides in-depth research, expert analysis and strategic advice to international companies and investors to enable well-informed China strategy development and decision-making. Sinolytics puts a special focus on the opportunities and challenges arising from China's rapid technological and digital transformation.

Open position: China Analyst

Sinolytics (www.sinolytics.de) is looking to strengthen its team with an entrepreneurial and continuously curious full-time Analyst, dedicated to understanding today's rapidly changing China. The successful candidate must have:

- Outstanding academic background; Master's degree in economics, business administration, political science or other relevant field; applicants with background in computer science or engineering are also welcome to apply
- Experience in living/working in China; strong analytical abilities on China-related topics
- Excellent Chinese language skills in speaking and reading
- Proficiency in analyzing Chinese primary sources or willingness to obtain necessary skills and intensively work with Chinese primary sources
- Openness to challenge and rethink conventional assumptions and to quickly build additional expertise
- Minimum of two years of relevant work experience, preferably including work with corporate clients
- Expertise on technology and digital issues is an advantage
- Fluent professional English skills

Sinolytics is a young and fast-moving start-up in the center of Berlin. The successful applicant will have the opportunity to support large corporations in designing and implementing strategies for a rapidly changing and challenging Chinese market. At Sinolytics, you will work with a team of experienced and dedicated China experts on a diversity of topics, constantly on the look-out for new trends and developments.

Starting date: As soon as possible.

Our working language is English. Non-EU citizens, explicitly including Chinese native speakers, are welcome to apply.
