

Innovation: China excels in knowledge & technology but lags in institutional support

China's GII rankings in key dimensions (2024)

China, US and Germany Global Innovation Index rankings (2020-2024)

Source: WIPO (World Intellectual Property Organization)

Weekly Facts & Figures.

- **Rankings:** Switzerland #1; China #11 (top among upper middle-income economies)
- **Tech Edge:** China is 3rd in outputs, 5th in R&D, and leads with 26/100 top tech clusters
- **Challenges:** Regulatory hurdles and weak institutions (27th) hold China back from the top 10

What This Means.

"China will set the tone in global innovation processes in the coming years, even more so if it can overcome certain regulatory and institutional barriers."
