

China's export shift: Diversifying from developed markets to new growth regions

Weekly Facts & Figures.

- **Mainland China's export growth shifts to developing markets** – SEA, India, Russia, and Mexico outpace the US, EU, Japan, and UK.
- **SEA is now China's top export destination** – Surpassing the US and EU by 2024.
- **China's economy is becoming more resilient to US tariffs** – As exports to the US decline in relative importance

What This Means.

"China's export shift
weakens Western leverage
—trade policy has its
validity period."
