

# U.S. semiconductor tariffs: Major chip exporters in the crosshairs of new trade curbs

Top source countries / territories for U.S. semiconductor and microchip imports  
in 2024

# Weekly Facts & Figures.

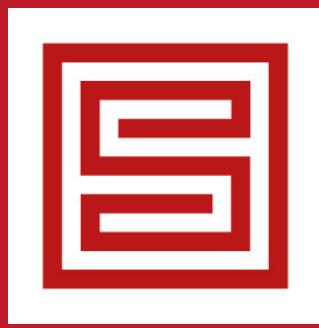

- **U.S. Launches Chip Probe:** A Section 232 investigation could lead to tariffs on semiconductor imports.
- **Tariffs of 25% or More:** Key suppliers face potential duties, disrupting supply chains.
- **Exemptions in Question:** Chips were previously spared, but are now under active review for new trade measures.

# What This Means.

"Tariffs of 25% or more on chip imports could drive up costs, disrupt supply chains and put pressure on key sourcing markets."
